

EpiPin and Microdermabrasion

1. Cleanse

Any gentle cleanser from your favorite skincare line works

2. Microdermabrasion

Perform microdermabrasion by following your device's instructions.

3. EpiPin

Choose the appropriate EpiPin Tip for your client's skin condition (Hydrate, Brightening, Elasticity)

EpiPin dry skin first, then apply the EpiEssence and EpiPin again.

4. Mask

Apply the EpiMask Hyaluron Sheet Mask onto face and neck. Remove after 15min.

5. Finish

Apply a light, hydrating moisturizer and spf
