

Hale & Hush Facial For Normal Skin with EpiPin

1. Cleanse

Cleanse with Hale & Hush Quiet Wash to remove surface impurities and all traces of make-up without irritation. Remove cleanser with steamed towel.

2. Exfoliate

Exfoliate with Hale & Hush INCREDIBLE ENZYME MASK. Apply an even layer amount (about a quarter size amount but more may be needed) of the Incredible Enzymes to face and neck. Gently massage into skin for 5 to 10 minutes (no longer than 10 minutes). Apply a towel that has been soaked in tepid water to the masked area and let sit for about 30 seconds. This loosens up the mask for easier removal. APPLY BEEDAZZLE MASK for extra Exfoliation leave on 3-5 minutes and remove with steamed towel

3. EpiPin

EpiPin on dry skin first, then apply the Hale & Hush RARE C SERUM + EpiEssence and EpiPin again on medium speed.

4. Mask

Apply Hale & Hush HUSH HYDRATE MASK for 15 minutes. You can massage this mask into the skin for added hydration. Remove any remaining mask residue with a soft gauze.

5. Finish

Apply the Hush Hydrate Gel mixed with RELIEF BIO-POWDER to Calm the skin and conceal any redness
